

Change the gas pressure values between *psi* and *bar*

- **CSA models:** The gas pressure displays in **psi** by default.
- **CE/CCC models:** The gas pressure displays in **bar** by default.

To change the gas pressure display values from *psi* to *bar* or from *bar* to *psi*:

1. Press-and-hold the **Mode** button for approximately 15 seconds until the 2-digit display shows **P.U.**

Press-and-hold for 15 seconds to toggle between **psi** and **bar**.

2. Release the **Mode** button. The system will now display gas pressure values in **bar** instead of **psi** or in **psi** instead of **bar**.
